Discipline Policy

- It is the policy of the Light of the World Montessori Preschool to use only positive means of behavior Direction with any child in attendance. We encourage the child to verbalize their feelings using "their" words and offer acceptable ways of expressing those feelings. Time-outs are used as a separation time, or as a time to find a more appropriate activity. Time-outs are not used as punishment, but as a chance for the child to regain self-control.
- Negative methods of behavior control are never used in our school. Negative methods specifically prohibited are spanking, hitting, shaking, slapping or restricting movement. Children will not be shamed, humiliated or threatened. It is our goal to assist each child in developing socially acceptable methods of expressing their feelings, and to modify behavior in a positive means of redirection and age-appropriate expectations.
- If negative behavior cannot be corrected, the director will call a conference to work out with the parents a method to best help the child. If the plan of action fails to correct the child's negative behavior and it's having an irreversible negative impact on the staff and other students, the director has the discretion to suspend or terminate the student's enrollment.
- Light of the World Montessori Preschool keeps on file a complete list of references to help with special needs and behavioral issues. We are happy to assist in providing these references to our parents if deemed necessary.
